Katie Vela recognized President Powell for dropping off food for some of the Youth Action Board (YAB) members.

In that vein, Board members can expect to see an email from President Powell regarding a demographic survey aimed at getting a better sense of the Board itself. Thereafter, a plan will be developed to address representation. Some Board members have already volunteered to serve on that group and work on adopting statements to center the work in equity. Those interested in serving on that kind of ad hoc committee can reach out to President Powell.

awareness to SARAH's role in the community. Katie Vela further reported that SARAH continues to highlight Street Outreach heroes by sharing their stories and work to connect people to housing and services. SARAH, in coordination with President Powell and LISC, also discussed the need for additional permanent supportive housing as part of an encampment solution. Internally, SARAH hosted an all staff meeting to debrief the cleanup and discuss opportunities for improvement. Relatedly, SARAH will be taking recommendations to the next Coordinated Entry Advisory Committee meeting regarding serving unsheltered individuals with high acuity needs.

- In response to Annie Erickson's question about coordinating the Street Outreach standards, Katie Vela affirmed that the Street Outreach standards were developed in coordination with the City of San Antonio (COSA) and other key partners.
- Regarding the previous week's winter storm, Katie Vela shared that there was wide agreement during the debrief that collaboration among partners had set an all-time high. Other sentiments included communication and willingness to jump in and help others. Katie Vela emphasized the community's high performance during the winter storm; the U.S. Department of Housing and Urban Development was similarly impressed with San Antonio's response and the fact that there was no loss of life among those experiencing homelessness.
- Katie Vela shared other updates about the winter storm coordination, including a joint press release between SARAH, the COSA, Haven for Hope, and The Salvation Army to communicate shelter availability. Presently, the community is working on how to continue engaging individuals who had not access the homeless system prior to the winter storm. Katie Vela added that SARAH had found its niche in being a communication point, particularly for the broader community to share updates of warming center locations and volunteer needs of the partners. Specially, SARAH's Facebook page became the main resource for that information and was shared through the COSA's and Bexar County's channels. SARAH will continue to be part of meetings to plan for disaster responses in the future.
- Katie Vela referenced the local YouTube star who gave kudos to SARAH's work along with a \$1,000 donation. SARAH reached out to its partner agencies and offered to help cover costs incurred as a result of the winter storm. SARAH was in local and national news and participated in Texas Public Radio's "The Source" and The Texas Tribune.
- Legislative Priorities
 - Katie Vela noted SARAH's historic coordination with the Texas Homeless Network (THN), the CoC Lead Agency for the Balance of State. THN has three priority areas to strengthen Texas' homeless crisis response systems. On February 10th, 2021, SARAH, THN, and COSA's Department of Human Services (DHS) shared those legislative priorities with the COSA's Intergovernmental Relations Committee.

- Katie Vela announced that there will be a virtual Homeless Awareness Day on Wednesday, April 7th, 2021. Additional information is forthcoming. Katie Vela will send out a copy of the legislative bills to watch, particularly source of income protection,
- 2021 Focus Areas
 - Katie Vela noted that the focus areas include the Coordinated Community Plan to end Youth and Young Adult (YYA) Homelessness and implement the goals that were developed in the stakeholder process. Other focus areas include improvements to Homelink and specifically centering clients feedback; improving data utilization with an equity lens; strategically allocating funding and maximizing opportunities for increased funding; reducing the inflow into the homeless response system through upstream and prevention coordination; and reducing unsheltered homelessness, which is aligned with the COSA's homeless strategic plan. The SARAH team also developed strategic anchors as far as how big decisions are made, as listed below:
 - Is it leading to a sustainable system change?
 - Is it driving measurable impact?
 - Is it nurturing meaningful and inclusive collaboration?
- YHDP Drop-in Center Update
 - Katie Vela explained that the Youth Homelessness Demonstration Program (YHDP) Drop-in Center application was delayed as a result of the winter storm. SARAH still has the \$1.5 million grant (over two years) available to develop a YYA Drop-in Center.
- Word Cloud Exercise
 - Katie Vela coordinated an exercise with the Board of Directors to solicit comments about SARAH's culture and values. Among others, responses included "respect," "collaboration," "welcoming," and "compassionate."
- SARAH Identity Playbook
 - Katie Vela shared SARAH's identity playbook, as listed below.
 - Inclusion: We embrace differences, recognize the inherent value of diverse perspectives, and create spaces for authentic collaboration. We are inclusive collaborators.
 - Empowerment: We see the potential in people, lead with trust, and elevate each other's strengths. We are empowering partners.
 - Diligence: We are rigorous in our analysis, strategic with our solutions, and disciplined with our implementation and continuous refinement. We are diligent problem solvers.
