   - Patrick Wigmore from HomeBase, the consultant who will be creating the Homeless Strategic Plan, presented on their progress thus far on soliciting input from the community. He reported that his overall takeaway is that the community is unaware of all the work being done to help those experiencing homelessness. He suggested that agencies be more open about self-promoting themselves and the work they do. The process will be finalized in April and they will soon begin writing the report.

4. Speaker – Veteran & Health Wellness Center
   - The Veteran & Health Wellness Center was unable to speak at the meeting.
5. New Vouchers – Tammye Treviño
   - Tammye presented that Housing Authority of Bexar County (HABC) vouchers are available for those who are permanently or long-term disabled. Sylvia Gutierrez is the contact person for this program.

6. Membership Council Survey
   - Tammye mentioned that the CoC Board held a Strategy Session yesterday in which Tammye expressed her concern that the Membership Council seat is currently non-voting. She asked the Council if they were in favor of her pursuing this further, to which there was no objection. Katie Vela gave a clarification that if this seat becomes voting, it would not have the ability to vote on any funding decisions to ensure there is no conflict of interest. Marie Lopez requested that a specific by-law be drafted so that the Council could review prior to recommending to the CoC Board.
   - Tammye noted that there would be a survey sent out to Membership Council to determine their demographics so that they can begin recruiting for the CoC Board and make it more equitable and diverse.

     - HMIS recently hosted a System Performance Measures (SPM) training with a low turnout. Jessica Elizondo from SAMMinistries attended the training and emphasized the importance of having accurate data in the work that we do, including obtaining funding and helping those in our community.
   - Tier 1 NOFA Announcement
     - We have received the announcement regarding funding for Tier 1, which amounts to $9.4 Million. Tier 2 funding yet to be announced.
     - There was a news article on $10 Million being appropriated by Congressman Cuellar. This was a mixture of HABC, SAHA, and SARAH funding.
   - System Performance Measures
     - The deadline to submit data that will impact funding in the next cycle is February 7th. We are currently reporting the following findings:
i. Returns to homelessness after 2 years for those permanently housed – 25%; up by 1% from last year. Katherine Dillard commented that if someone reopens an enrollment in HMIS, it will mark them as recidivating

ii. Employment income – Only 20% of people who graduate out of PSH have some sort of employment; was 23% last year

iii. Exits to permanent housing – 41%; was at 42% last year

iv. PSH Retention – 96%; was at 98% last year

    • Katie remarked that it is vital to clean up data so that we are reporting accurate numbers as these can greatly impact our funding.

• PLACE and Move-On Updates

    • PLACE gives landlords protection from damages and can incentivize property managers to lease to your clients.
    • The updated forms for PLACE are on the SARAH website.
    • Regarding Move On, there have been 19 applications for the 40 vouchers. If you have clients that are doing well in PSH and could live on a voucher, you are encouraged to apply for this program.

• Workgroup Goal Setting

    • SARAH held a workgroup goal setting session in December for the workgroup chairs & co-chairs to develop their goals for 2020, which will be summarized in their reports below.

        • There has been a tremendous amount of work that has gone into creating this document, which lists categories for agencies that are currently using HMIS. If you have a program that is no longer active, please submit a ticket to HMIS so that this document can be updated.
        • Security Officer Orientation 1/31 & 2/7
            • Nina Gall will be making direct contact with security officers. There will be a checklist put in place to ensure they are following proper guidelines and not improperly accessing or using client data.
        • SPM Data Corrections Deadline 2/7
        • Security Awareness Video
            • HMIS is launching a pilot to have their trainees watch a video prior to attending the training. This will help shorten the duration of the training and ensure participants can stay focused.

            • The two vacant positions are the HMIS System Admin Lead and the HMIS Application Support Specialist.

WORKGROUP UPDATES

11. Veteran Workgroup Update – Chair: Marc Wonder / Co-Chair: John Gauna
• John Gauna reported on the Veteran group’s 2020 goals, which include: asking for a mandatory upload of DD214 documents into HMIS (Katie stated that SARAH is trying to figure out the best decision making process for this request since it will affect all agencies and ensuring there is a clear process); ensuring case notes are entered into HMIS; increasing training on HMIS capability; increasing SROs; and utilizing Kelly Air Force Base. John remarked that they would like to ask for HMIS to attend their workgroup meetings again.

12. **Youth Workgroup Update – Chair: Tyler Shoesmith / Co-Chair: Mandy Tyler**
   - Tyler Shoesmith reported that the Youth group has been focused mainly on YHDP. The Youth Action Board has launched their social media platforms. We have been selected as an intensive YHDP education site, which will provide us with more intensive TA support. The YAB has been receiving training on how to represent themselves on the CoC Board.
   - The next meeting will include an Adverse Childhood Effects (ACE) training.
