The University of Texas at San Antonio (UTSA), Texas A&M San Antonio (A&M-SA), and the Alamo Colleges District (ACD) have developed an innovative pilot program to create a pipeline of educational support for the more than 600 foster care alumni currently enrolled on our campuses, as well as youth in foster care who aspire to go to college. The pilot will enhance existing resources and practices, and develop targeted support to increase access, retention, and graduation rates for foster care alumni.
